

EPISODE 20 SEASON 2 RAPPER SERIES BY COUNTRIFIED WEDMAN

TITLE: THE AWAKENING

344. INT. CHURCH SERVICE - DAY

The church is packed with people as usual. Bishop Carlise is preaching.

BISHOP CARLISE

"Now, if you serve the God that I serve then you know God is in the blessing business. So, that new car you want, God will bless you with it; that new job you've been asking for, God will bless you with it; an increase in your finances, God will bless you with it. There is no blessing too big for the God we serve."

The crowd is excitedly applauding, some on their feet and screaming "Amen" as the Bishop is speaking. He looks at Detective Jones sitting in the guest preacher's seat. He allows the crowd to settle down.

BISHOP CARLISE (CON'T)

"Now, I want to switch gears for a moment. I know last week, I denounced the books that some of you were reading that spoke about God in ways that are not in our bible. Although I still feel that way, I do feel that we should hear both sides of my position. So, I invited Mr. Quinton Jones, whose late father wrote the books, to present his side of the story. I feel that it was the righteous thing to do. Now, I want everyone to be respectful and listen to what he has to say. So, let's welcome, Mr. Quinton Jones."

The crowd gives a small applause. They're not sure what to expect. Jones grabs the microphone.

DETECTIVE JONES

"I want to thank you for having me. I want everyone to take out their phones and record this message. You young people can go to your live feed or whatever yawl do nowadays. I want everyone to know that I was raised in

a Baptist church and believed the same way most of you do, but one day I asked God to show me the truth and not what has manipulated folks to believe is the truth."

Detective Jones holds up both books.

DETECTIVE JONES (CON'T)

"Now these books have many different subjects in them to help you see the bigger picture, religion is just one of them. But since the religion portion has everyone uneasy, let's speak on it. These books are not saying God isn't real, but the way we have been programmed about God is what's in question. We have been taught God is a man when God is energy, and consciousness studying itself. You can't even find planet Earth if you look at the whole Milky Way galaxy and you believe that God only created you as the only intelligent life form. For you to believe such a thing is to play into your ego and to keep you controlled. If you knew the capabilities of billions of intelligent life forms God has created, you would be insecure and never evolve as a race. There are many types and levels of civilizations throughout these universes. The book speaks about 0-5 and we're type 0. We're like kids with limited knowledge of what's really going on. You all believe that Jesus came to save the world but was killed by the people he was here to save and rose back to the heavens. That's no different than telling kids that Santa Claus delivers gifts to every kid in one night by going down the chimney. If you're good, Santa will bring you what you asked for. That's the reason why some of you got so excited when Bishop was speaking about material blessings."

345. INT. JONES'S KITCHEN - DAY

Shaniya is at her parent's house and sitting in the kitchen.

She sees her dad speaking to the church on one of her friend's live feed.

SHANIYA

"Mom, you need to see this. Dad is speaking to the church about the books."

Mrs. Jones comes and sits at the table with Shaniya and watches.

354A. INT. CHURCH SERVICE - DAY (CON'T)

DETECTIVE JONES

"Kittens grow up to be cats, puppies grow up to be dogs, and cubs grow up to be lions. So, if you're a child of God, why are you still a child of God and haven't grown up to be Gods yourself? That's because the controllers don't want you to ever know who you are, where you came from, and the powers you have. You have the power to create your own reality without religion. We were born with chakras, and we have not activated them to the highest levels to make use of our third eye. These are things I don't have time to explain but encourage you to research. This world is stranger than you can imagine. There will be some points where the reptilian race, which you can read about in the books, will show themselves and come for us. We can't battle them alone. So, this is what I'm calling for. I'm calling for a national day of meditation across the world in two weeks, on the 15th, at 12 central time. Everyone across the world, check your time to correspond with this. I want everyone for 10 minutes to meditate on having our ancestors, the Anunnaki Gods, to come upon this planet and defend us from the reptilian race. You will imagine Black powerful people rising up from below the earth and descending from above destroying the reptilian race. The reptilians look like lizards that are bigger than humans. I know many of you look

confused about this. You can read more about this race in the books. Now, if we all project that visual, or any visual, into the universe, we will get what we want. This will be equivalent to God coming back to save his people."

Detective Jones picks up the Bible.

DETECTIVE JONES (CON'T)

"This is your bible. I bet many of you don't even know that this bible is not the same as the original bible locked up at the Vatican. The Bible is a mixture of decoded truths, moral information, and control scriptures. But, let's talk about what's in this bible to prove my point. Everyone turn to Genesis chapter 15: verse 13 and 14. You will see it reads:... And he said unto Abraham, know of a surety that thy seed shall be a stranger in a land that is not theirs and shall serve them, and they shall afflict them four hundred years. Verse 14 says: And also, that nation, whom they shall serve, will I judge and afterward shall they come out with great substance. We have served in this land for 400 years and it's time that we tap into our higher self and raise our vibrations to be the Gods that we are. Now let's talk about who will judge and free us from this. Everyone turn to the book of Enoch. Oh, I'm sorry that book was taken out of the bible. When you go home google or do some research and you will find out why. That book talks about our Anunnaki creators and how the angels of the Anunnaki had sex with the workers they created and were considered fallen angels. The angels were massive in size and that's where you have the David versus Goliath story. Ask yourself, where did Goliath come from? You must read the books to learn more about the story and how our creators are coming back to handle the oppressors of our race for hundreds of years. The meditation date

will ensure this. The first step is to deprogram ourselves from the manipulation and know that we have creators and that we are creators."

346. INT. THE VATICAN - NIGHT

The Pope is watching this on his iPad.

We also see a series of people watching through their phones or iPads.

354B. INT. CHURCH SERVICE - DAY (CON'T)

DETECTIVE JONES (CON'T)

"I encourage you to explore for yourself and not depend on a man to tell you about God every Sunday. Many of them are just as flawed as you, so why depend on them?"

Detective Jones looks over at Bishop Carlise who drops his head in shame.

DETECTIVE JONES (CON'T)

"We all agree that our souls and our bodies are not the same. That's why we go to funerals and say that our loved one has gone to heaven or hell. If you believe that your soul goes to one of those places, then you're buying into the manipulation of control. If you know that your soul is millions of years old and will have many different experiences, then your present experience will not be controlled. It's time for us to elevate and gain true knowledge of what this experience is all about. Some of you will disregard what I'm saying and will forever be subject to the manipulation and some of you will begin to overstand and advance your vibration to your God-like consciousness. It's up to you."

The crowd is silent, and some women are even crying because they feel the truth in his words. Detective Jones senses that he has said just enough to get people to do their own research.

DETECTIVE JONES (CON'T)

"There is much more I could say here today, but I think I've said enough to get you to overstand the manipulation of religion. I want to thank everyone for having me, and I hope this opens your mind and dialogue enough for us to ascend as a race on this planet. Don't follow any religious leader that is keeping you from ascending due to tax breaks. This is way more important than money... Thank you."

Detective Jones sits down the microphone and the crowd is stunned and silent. Bishop Carlise quickly gets up and takes over the microphone.

BISHOP CARLISE

"We want to thank Brother Jones for giving us his perspective on things. We will now hear a selection from the choir."

The choir begins to sing. The church is still in shock and is not participating in the song with the choir. There is obviously an awkwardness in the building.

354C. INT. CHURCH SERVICE - DAY (CON'T)

People are leaving service, and some people are coming up to Detective Jones giving their thoughts on his speech. An old lady (Black, gray hair, 75-85, matching hat to her dress, average size) comes up to Jones.

OLD CHURCH LADY

"Young man, out of all my years of attending church, I have never heard anyone speak about God that way. You are heaven-sent and made a lot of sense today. I will get those books and elevate myself before it's too late."

DETECTIVE JONES

"Thanks so much, sister, for overstanding."

She leaves and an old couple comes up to Jones. The man speaks (Black, 75-80, thin gray hair, glasses, and walks with a cane).

OLD CHURCH MAN

"You made a lot of sense in there on how we've been manipulated for years. I remember my father used to tell me how them White folks didn't want us to know how to read but wanted us to hear them talk about the bible."

DETECTIVE JONES

"That should tell us something. The manipulator can only manipulate the uneducated and the uninformed."

A man, his wife, and two girls walk up to Detective Jones. The man (35-45, small air-fro, mustache, no beard, brown skin, 5'10" or taller) is stunned.

YOUNG CHURCH FATHER

"I must admit, I was one of the people against your father's books, but hearing you today changed my perspective on everything. I see the manipulation and why Black folks are still struggling to this day in comparison to other races. My family and I will do our research, elevate, and meditate on the 15th."

An attractive middle-aged woman (Black, light skin, long hair, 35-45) comes up to Jones. There are other people behind her waiting to speak to Jones.

ATTRACTIVE CHURCH MEMBER

"Sir, I was interested in buying a set of those books, but I couldn't find them on my internet search. I found the website, but it says it's down. How can I get a copy?"

DETECTIVE JONES

"We have certain people around the country that sell the books. They announce it on their social media platform. I happen to have some copies in my car, and you can get yours today if you like."

ATTRACTIVE CHURCH MEMBER

"Yes, please."

The members behind her hear the conversation and express that

they want copies. Jones goes to his car and it's a line of church members in line purchasing the books.

347. INT. CHURCH - BISHOP CARLISE OFFICE - DAY

A group of 6 elders walk into Bishop Carlise's office. They're not too happy about Jones's visit. The Elder Bishop (Black, 70-80 yrs, gray hair on the side, bald in the middle, slightly overweight, gray mustache) speaks.

ELDER BISHOP

"What was that!? How could you allow a man like that to come into God's sanctuary and..."

BISHOP CARLISE

"What? Make us realize that we've been manipulated from reaching our God-like self for hundreds of years. Now I have to admit, I never read them books, and I was against anything that wasn't the word of God, but that means we serve a God that doesn't speak anymore. We're saying that the bible is all that God has to say. We've been controlled by White religion for years. You can go into some churches and see a White Jesus with blonde hair and blue eyes, and we all know that's not the description in the bible, but we still go for it. So, I'm tired of being manipulated and from now on we will learn ways to reach our higher selves and if you or any of the other elders have a problem with it, yawl can find another church."

The elders are quiet and stunned at the Bishop's response. They say nothing, they just leave.

348. INT. CNBS NEWS STATION -DAY

Shaniya hands Katie the papers on the news stories she is to report. She sees the story about the religious leader's change of tune.

KATIE SILVER

"So, I see the religious community has had a change of heart about your grandfather's books."

SHANIYA

"Yes. My father gave his perspective to a church, and it went viral. People are waking up all over the world..."

KATIE SILVER

"And, it seems like your family and friends are playing a major role in it."

SHANIYA

"Is that a problem? Are you throwing shade?"

KATIE SILVER

"No, not at all. I actually admire the difference your family has made. I'm excited to report this. So, if this is everything, let me go to work."

Katie walks out of the room. Shaniya smiles.

349. INT. JONES'S KITCHEN- MORNING

Mrs. and Mr. Jones have just finished breakfast. Mrs. Jones goes up to Detective Jones.

MRS. JONES

"Today is your big day, babe. You know Congress is going to try to throw everything at you to discredit your father's work."

DETECTIVE JONES

"I know babe, but I'm ready for them. They may even regret televising this whole thing."

MRS. JONES

"I'm sure they will. Things are heating up now, but just know I'm still your same ride-or-die chick as I was when we first met. I will support you no matter what happens. So, you let their ass have it, you hear me?"

DETECTIVE JONES

"Loud and clear; you know I am."

MRS. JONES

"Good. I have an appointment to look

at some bridal gowns for Niya, and I should be back home just in time to watch you on t.v.."

The two kiss.

DETECTIVE JONES

"Alright, babe. I'm sure we will have a lot to talk about at dinner."

Detective Jones leaves the house.

350. INT. BRIDAL STORE- DAY

Mrs. Jones walks into a bridal store. There are dresses everywhere to choose from. There are a handful of customers in the store looking around. She walks up to the counter, and she is met by Gabriel (male, 30-40 yrs, Caucasian, black hair slicked to the side, and flamboyant).

MRS. JONES

"Hello. I'm here for my appointment to look at some dresses. The last name is Jones."

Gabriel looks her up on the computer.

GABRIAL

"There you are. Welcome to Bridals R US. If you would follow me, I can show you our new arrivals."

Gabriel walks to the new arrival section and Mrs. Jones follows.

GABRIAL (CON'T)

"Well, congratulations by the way. Who is the lucky one?"

MRS. JONES

"No, actually it's for my daughter. You know kids these days can't make up their minds, so I wanted to narrow down some choices for her."

GABRIAL

"This is a stunning dress. As you can see, it has a train but not too long. We also have this one. This dress is to die for. I absolutely love it. It has the v-cut and is very flashy."

Mrs. Jones sees another dress she likes.

MRS. JONES

"Those dresses are nice. What about this one?"

GABRIAL

"This is from a young designer from the U.K.. This is also an excellent choice."

MRS. JONES

"Yeah. I like the split train it has, and the material feels amazing. I just need to take photos of these dresses and maybe a few more, and I will bring her in to try them on."

GABRIAL

"Sounds like a plan. I look forward to meeting your daughter and helping in any way that I can."

Mrs. Jones starts taking photos of the dresses.

361. EXT. SPRINTER VAN - CONGRESS BUILDING - DAY

Detective Jones gets out of the sprinter with Andre 3000 and the Trill House Record staff. There are protestors surrounding the building and the entrance.

ANDRE 3000

"This is it! You know when Congress wants to interview you, we're doing something serious. It's like the Super Bowl for us. I know you got this."

DETECTIVE JONES

"I'm just expecting the unexpected, you know?"

ANDRE 3000

"We rehearsed for all kinds of tactics they will try, plus, you have your own talking points you need to deliver. So, I think you should be fine."

They walk into the congressional building.

362. EXT. MRS. JONES'S CAR- BACK ROAD - DAY

Mrs. Jones is driving on a back road heading home. She is listening to gospel music and singing along. She is suddenly hit by another car from the back. She was immediately shaken by it, but the impact wasn't too major.

MRS. JONES

"Aww, man. People need to pay attention to the road."

Mrs. Jones pulls over and an elderly lady (70-80 yrs old, White, gray hair, glasses, and wearing a pearl bead necklace) hops out of the car. She is almost in tears for what has happened. Mrs. Jones gets out of her car to speak with the lady.

OLD LADY DRIVER

"Oh, my God! I am so sorry, are you alright mam? I accidentally hit the gas when I was trying to slow up."

MRS. JONES

"Yes, I'm o.k.. Are you o.k.?"

OLD LADY DRIVER

"Yes. I'm o.k.. I'm just a little shaken up from what I've just done."

MRS. JONES

"It's o.k.. Mistakes happen."

A black van pulls up on the side of the ladies. Two men with guns wearing all black jump out of the van and grab Mrs. Jones at gunpoint. They put her in the van and drive off.

363. INT. VAN - DAY

One of the kidnapers (White, male, 45-55, all black, black hat, and shades) picks up his phone.

KIDNAPPER

"The object is secured, sir. We're heading to the holding location... Ok. will do. Bye."

The kidnapper hangs up the phone.

364. INT. CONGRESS BUILDING - DAY

Detective Jones and his crew are going through the security process. They are now walking down the hallway.

365. INT. INFORMANTS OFFICE - DAY

Raloszo is looking at some information on his computer.

RALOSZO

"You know when we were thinking that Jones's father's death may have been ordered due to the seriousness of his impact?"

RUSSO

"Yeah."

RALOSZO

"I did some more digging, and what's interesting is Margret Shoester was the head of the publishing company, Bright Light Publishing. She was killed walking out of a supermarket. Not only that, Earl's C.I.A mistress, Emma Freely, was found dead in her home by her daughter. They ruled she died of natural causes. His best friend, at the time, Woodrow Wilson was also killed by a semi-truck swerving into his lane and killing him head-on. The driver of the truck was never charged."

RUSSO

"So, what's your point?"

RALOSZO

"These people were all killed within 3 weeks of Jones's death."

RUSSO

"So, you're thinking they were sending Earl a message somehow, and when he continued to promote the books, they killed him?"

RALOSZO

"I can't say for sure. But what I can say is that if the government banned the books, warnings must have been

made first and at least three people close to him died within a short time of his death. There could be more."

RUSSO

"I hear that Jones is supposed to be testifying before Congress today. That means it's a really big deal, and Spitta is involved in all of this. Not sure if he knows the risks involved, but I think we have enough information to tell him who set him up and why before it's too late."

364A. INT. CONGRESS BUILDING - DAY (CON'T)

A government official, Mr. Reed (mixed race, black hair, no facial hair, blue suit and tie, professional looking) approaches the group.

MR. REED

"Hello. My name is Mr. Reed. I will be assisting you today. Mr. Jones, I will have your guests go with the staff here, and they will place them in their seats directly behind where you will be testifying. Once the session is over, you will all reunite here."

(To Andre 3000 and his crew)

"So, if you all would please follow those two individuals over there, they will direct you to your seats."

They all follow two well-dressed staff members, a male, and a female, any description.

MR. REED

"Mr. Jones, will you follow me, and I will direct you to your seat and get you all set up."

As the two are walking, Mr. Hassel (male, White, tall, big, bald in the middle, intimidating military look, age 60-70) walks up to the men and grabs Detective Jones by the arm.

MR. HASSEL

"I need to have a word with you before your hearing."

Mr. Hassel takes Jones into a nearby office space. Mr. Reed stands by until Jones returns. Jones walks into a room and

there are three other men standing. There is a small desk inside and Mr. Hassel sits on that desk as he talks to Jones.

MR. HASSEL

"Mr. Jones, you're about to testify before Congress in a televised setting. These books have caused the U.S. government a lot of grief. This will end today because you will go in there and tell everyone that those books are science fiction and purely for entertainment. You will downplay any sensitive information and try not to be a smart ass while you're doing it."

DETECTIVE JONES

"You think I come all the way over here to downplay my father's mission and to discredit the truth so this government and others can continue to manipulate the public?"

MR. HASSEL

"That's exactly what we think. This is not up for debate. You will do what I just asked you to."

DETECTIVE JONES

"And what if I don't?"

Mr. Hassel motions to one of the men with his head. The man takes out his phone and holds it up to Jones's face. The phone shows his wife being tied to a chair. Jones automatically gets upset.

DETECTIVE JONES (CON'T)

"What the fuck? You kidnapped my wife? You mother-fuckers do anything to my wife, you're going to have to kill me because I swear I will come after yawl with everything I got."

MR. HASSEL

"Mr. Jones, all you have to do is follow instructions and your wife will be returned safely. If not, I'm afraid you will be making funeral arrangements."

Jones looks into the camera phone.

DETECTIVE JONES

"Babe! Are you alright? What happened?"

MRS. JONES

"This old lady hit me from the back, I get out of the car and these men pull up in a van, jump out with guns, and now I'm here."

DETECTIVE JONES

"Babe, they said if I don't go out there and discredit the books, and lie about everything, then they will kill you. I can't go through with this knowing that it would jeopardize your life."

MRS. JONES

"Baby, I love you more than life itself. This is bigger than you and me. You do what you have to do and let them do what they have to do. I'm not scared. So, I need for you to make me a promise."

DETECTIVE JONES

"What's that babe?"

MRS. JONES

"That you will go in there and let their ass have it, like I said earlier this morning."

MR. HASSEL

"Cut it off."

The guy immediately cuts it off.

MR. HASSEL (CON'T)

"That's one brave woman you have there. She is truly down for the cause. Despite what she says, it's up to you whether or not you want to see her again... You're dismissed."

Jones walks out of the room. He is reunited with Mr. Reed.

366. INT. CONGRESS HEARING ROOM- DAY

Mr. Reed walks Jones into the hearing room and Jones takes a

seat. The room is packed with people, reporters, and camera people. All of the congressmen are in place. Madam Chair bangs her gavel to start the session.

MADAM CHAIR

I want to thank everyone who's in attendance at this hearing and all that's tuned in. I would like to say that everyone should respect the rules. There will be no applause or outbursts during this session. We will allow each congressman the same amount of time unless they decide to yield back. I first want to thank you, Mr. Jones, for being here today. We appreciate your courage for showing up and defending your father's work today. This hearing is due to the books your father wrote, *The Art of Overstanding* and *Keys to the Soul*. Although we respect everyone's First Amendment rights in this country, these books are a slander to this government and governments across the world. Many people are believing the information published in these books, and it has become a national security issue. We have protests breaking out all over the world, and we must have a discussion so that people around the world can gain a greater understanding. We tend to look at the books as a self-help book mixed with science fiction. There are a lot of fabrications in these books for entertainment purposes, wouldn't you agree? That's it for my opening statement, and I will allow you to have the floor.

DETECTIVE JONES

"Thank you, Madam Chair, for having me here today. I'm not here to play games or appease you, members of Congress, or people watching. I'm here to tell the truth about what's really happening on this planet. To answer your question, no, the books are not science fiction or fabricated. The truth is stranger than fiction and that's why my father wrote two books.

The truth is so bizarre that people had to be prepared for that level of overstanding."

MADAM CHAIR

"So, let's get into some of these subjects Mr. Jones. First up is Congressman Seller from Utah."

CONGRESSMAN SELLER

"Mr. Jones, I can't tell you how much trouble you have caused between us and our constituents. Your father's books have corroded American's trust in government. The books are saying we collude with other countries and are controlled by aliens. Now you can't possibly believe that's true."

DETECTIVE JONES

"Thanks for the question, Congressman. You are either one of two people. You are either a person that doesn't know about the highest levels of control and is manipulated by it or you do and are protecting it. The information in my father's books comes directly from someone who was in the know of the highest levels. If there are no collusions and you're not controlled by aliens, then why are certain documents top secret and you have to have a certain clearance to view them? I understand keeping certain things secret that involve military capabilities, but it's a reason the information in those books is top secret. If there is no collusion, why are so many protests going on right now? People feel that the government is not working for the people. We're the richest country on the surface but have so many people struggling and our government will give billions of our dollars to other countries and support refugees here in this country over our own citizens."

Congressman Seller has no rebuttal for this.

CONGRESSMAN SELLER

"I yield back my time. Thank you."

MADAM CHAIR

"Next, I would like to recognize the congressman from Georgia."

CONGRESSMAN HAWTHORN

"Thank you, Madam Chair. Mr. Jones, I have read the books, and they make some compelling points. One interesting thing that's stated is that aliens feed off Black and Brown people's emotions. Do you believe that's why it's been a conspiracy to lock up so many people of color?"

DETECTIVE JONES

"They feed off everyone but mostly people of color. That's exactly why the government will never fix this problem because they must continue to feed the controllers. I've been a detective for many years and have witnessed unfair practices to lock up minorities. We presented in court, the police chief confessing that they were locking up Black people and sending them to private prisons. I haven't seen any jail time or consequences for all the people that's been detained behind this."

CONGRESSMAN HAWTHORN

"It sounds like you have some bad apples that are taking advantage of the criminal system, and this has nothing to do with alien control."

DETECTIVE JONES

"It has everything to do with alien control. Some of those bad apples are aliens that can shift shape to look human. Others are just humans who benefit from carrying out the process. This could be why the court proceedings were taken over by the federal government. At the end of the day, making life difficult for Black people and locking up our men, keeps emotions at a vibration level they can

feed off."

CONGRESSMAN HAWTHORN

"I do sympathize with what Blacks are going through in regard to education, manipulation, and incarceration. I think our government is not perfect, but we're addressing the issues."

DETECTIVE JONES

"You can start by giving jail time to all the people that are involved in this conspiracy."

MADAM CHAIR

"We will now recognize the congresswoman from Alabama."

CONGRESSWOMAN BASH

"Thanks for being here today, Mr. Jones. Can you tell us why people watching this hearing should believe what's in your father's books?"

DETECTIVE JONES

"Because the government means to govern; this means to oversee others. Which means keeping people in line. You can't do that to citizens who have the same knowledge as the controllers, so anyone who is giving them this information is a threat to controllers. If the information was not true, many people wouldn't have been killed when my father published the books. The books wouldn't have been banned and confiscated. The government wouldn't be making a significant effort to confiscate and ban the books now. People in my circle are being killed and just before I walked in here, I was pulled into a room and was shown my wife had been kidnapped as we speak. They told me if I didn't discredit the books and lie, they would kill my wife. So, if my wife is dead after this hearing this will validate even more that the information is true."

The crowd lets out a somber awl of sadness when they hear

this.

CONGRESSWOMAN BASH

"So, you're telling us that your wife has been taken and will be killed if you don't lie about your position? If this is true, why are you doing this? Don't you care about your wife?"

DETECTIVE JONES

"I love my wife deeply and was not going to do this hearing, but she reminded me that this mission is bigger than her or me, and she told me not to hold back anything even if it costs her life."

367. INT. TORTURE ROOM FOR MRS. JONES -DAY

There is a t.v. in the room where Mrs. Jones is tied up. They are watching the hearing. The kidnapper picks up the phone.

KIDNAPPER

"Hey, that little fuck just told the world that we have his wife. Should we make good on our promise and kill this bitch?"

The camera cuts to Mr. Hassel in the private room watching the hearing.

MR. HASSEL

"No. What!? Are you fucking crazy? If we kill her then the world will not only believe him, but he will have sympathy on his side. It was a bluff move, and he didn't go for it. I don't want you to leave a scar on her, but you can torture her and return her where you found her, do you understand?"

KIDNAPPER

"Loud and clear."

366A. INT. CONGRESS HEARING ROOM- DAY (CON'T)

MADAM CHAIR

"We will now hear from Congressman Neilson from New York."

CONGRESSMAN NIELSON

"Thanks for being here today, Mr. Jones. I'm not here to say the information in those books is right or wrong."

Congressman Neilson holds up the black book.

CONGRESSMAN NIELSON (CON'T)

"The information in this book has a lot of great self-help information in it."

Congressman Neilson holds up the white book.

CONGRESSMAN NIELSON (CON'T)

"It's this book that has a lot of unbelievable accusations in it. I will just touch on a few of the things here and allow you to respond. It makes claims that the earth is flat, we have aliens around us that we can't see that can influence us and others to alter our energy, and the aliens in control like to eat and have sex with children. Now most people watching this would think you need some type of psych meds. What say you?"

DETECTIVE JONES

"My father was not saying the earth is flat but if he was to take an overstanding approach, he would agree that it's flat. He used examples of why he felt that way. It's easy to make me or my father out to be crazy when you can conceal the bizarre truth. Most people have experienced mood changes for no reason, and they have also had friends and family members do things out of character to upset them. These things happen because we do have inter-dimensional beings here that can control this and make us upset or lower our vibrations for them to feed off. There are millions of kids missing right now and they're being used for sex, food, and their energy. The aliens like the pureness of kids."

The crowd gasped in disbelief.

CONGRESSMAN NIELSON

"That's all the questions I have for now. I yield."

MADAM CHAIR

"Next up is Congressman Koffman from Colorado."

Congressman Koffman (White, male, 60-70 yrs, glasses, large head, weird looking guy) speaks.

CONGRESSMAN KOFFMAN

"Mr. Jones I take issue with some of these claims in your father's books. There is no physical proof that what you're saying here today is accurate."

DETECTIVE JONES

"Congressman, do you believe that we're the only intelligent beings created?"

CONGRESSMAN KOFFMAN

"I would imagine not, but as of now, we have no proof to think otherwise."

DETECTIVE JONES

"We have plenty of proof, it's just guarded by the highest level of controllers, and this is why we only have a certain amount of national news channels all controlled by the same people. If you go on YouTube and other similar sites, you will find many people have experienced an encounter with other vessels and are even working with them on this planet. You will also discover the many civilizations that are living here below the surface. Some of them are here to protect us from other aliens that don't want to see us advance. I can also see why you would take issue with these claims because you look like one of those aliens posing as a human. No offense."

The crowd lets out a small laugh.

368. INT. CONGRESS MEDIA CONTROL ROOM - DAY

Inside the media control room are 6 people working the control board and the live broadcast. Mr. Hassel comes into the room.

MR. HASSEL

"Shut off the live broadcast now!
That's enough of this shit!"

369. INT. SERIES OF PEOPLE WATCHING THE HEARING - DAY

We will see a series of people watching the hearing on t.v. go blank. The t.v. says "Sorry, we're having technical difficulties".

People watching it at the barbershop.

Lots of people in a doctor's office waiting room.

Spitta and his crew are watching it in his living room.

The college classroom that Sasha visited to sell the books is watching.

367A. INT. TORTURE ROOM FOR MRS. JONES -DAY (CON'T)

The t.v. goes blank. The kidnapper turns his attention to Mrs. Jones.

KIDNAPPER

"Looks like the t.v. media is having technical difficulties. That's too bad because since we don't have the hearing to keep us entertained; we will just have to torture this bitch for pleasure."

The Kidnapper pulls out a taser. Mrs. Jones is still tied to a chair and is helpless.

KIDNAPPER (CON'T)

"The boss said not to leave a mark on you, but we can torture you however we like. My first weapon of choice is electricity. I hope you're ready for the shock of your life."

MRS. JONES

"Don't you touch me with that thing!"

KIDNAPPER

"Or what?"

The Kidnapper tases her on her side. She screams in pain. Once she gathers herself. He tases her again. She screams in pain again.

MRS. JONES

"Please stop! Leave me alone."

KIDNAPPER

(To the other kidnappers)

"You guys heard the lady? She said to leave her alone. So, we will grant her, her wish. Everyone out of the room."

All the men leave. Mrs. Jones is relieved but is confused as to why the men would grant her request.

KIDNAPPER (CON'T)

(To one of the kidnappers)

"Put the bitch on ice."

The kidnapper pushes some buttons, and the room starts to fill with a cold fog. The temperature is like 10 below. She is freezing.

366B. INT. CONGRESS HEARING ROOM- DAY (CON'T)

MADAM CHAIR

"Next up is Congressman Phillip from Ohio."

CONGRESSMAN PHILLIP

"I think many of my colleagues have touched on the strange things these books state, but I want to touch on the entertainment and religious sector. You're saying that our entertainment and religion are also controlled by aliens. Why do you feel we should believe that?"

367B. INT. TORTURE ROOM FOR MRS. JONES -DAY (CON'T)

Mrs. Jones is so cold she is almost frozen. The Kidnapper walks into the room.

KIDNAPPER

"It's mighty cold in here. Can I get you a blanket?"

MRS. JONES

"Please stop."

KIDNAPPER

(To the other kidnappers)

"You guys hear that? She said please."

Kidnapper walks out of the room. They shut the cold fog off. Mrs. Jones is shaking but is thankful that they cut off the cold fog.

KIDNAPPER (CON'T)

(To one of the kidnappers)

"Cut on the gas."

The room starts to fill up with gas. Mrs. Jones starts coughing really bad. Snot starts to come out of her nose and her eyes are burning. She is screaming.

366C. INT. CONGRESS HEARING ROOM- DAY (CON'T)

DETECTIVE JONES

"If you bring in many past and present entertainers, they will tell you about how weird the entertainment industry is. The aliens control how we as Blacks hear music and watch content involving us. Most of it is violent and criminal and this keeps our vibration low. We all seen how the famous rapper, Spitta, influenced the industry and the world to pivot from that manipulation and those son of a bitches killed his grandmother. The same with religion. Aliens are disguising their involvement with humans as Jesus..."

MADAM CHAIR

"You know what? I think we've heard enough. We don't believe what's in those books, and we ask others to only take the books as entertainment."

DETECTIVE JONES

"You can choose to believe whatever you want, but you shouldn't trample on my First Amendment rights, and I ask that I be protected to continue to sell and promote my father's books."

MADAM CHAIR

"Of course, Mr. Jones. We took an oath to uphold our constitution, and we will honor that."

370. EXT. SIDE OF THE ROAD - EVENING

A black van pulls up to Mrs. Jones's car. Two kidnappers carry a nearly unconscious Mrs. Jones to her car. They opened the door and put her in the driver's seat. She lies there as the van drives off.

371. JONES HOUSE - NIGHT

Detective Jones comes into the house, and he sees his wife looking very disturbed sitting on the couch. Jones rushes over to her. She stands up and he hugs her.

DETECTIVE JONES

"Baby! Are you o.k.? Did they hurt you?"

MRS. JONES

"They tortured me all kinds of ways, and then I just remember waking up in my car."

DETECTIVE JONES

"Baby, I'm so sorry that this happened to you. From now on, I will have security with you whenever you go out. I will do the same for Niya, too. Do she know about this?"

MRS. JONES

"No, and I rather she don't know."

DETECTIVE JONES

"Baby, I'm sorry again for this happening, and I will make whoever did this pay."

The two continue to hug and the camera fades to black.
